

#035

SKATE-SPIKE MAT™

Skate-Spike Matting™ is a durable vinyl linear ribbed top surface that minimizes damage to floors from spikes or skates. To minimize mat movement, be certain floor is free of dirt before laying mat.

Where to use:

Skating rinks, locker rooms, gymnasiums. Temporary or permanent placement over expensive carpet in heavy traffic areas.

Product info:

- A durable vinyl linear ribbed top surface minimizes damage to floors from spikes /skates
- Overall thickness is 1/4 inch

Roll Sizes: 3' x 75'

Custom Sizes: In 3' width (up to 75')

Specialty

#045

WEIGHT ROOM MAT

This heavy-duty rubber mat absorbs the crush of free weights while protecting the floor. Designed to be extra tough in order not to buckle or curl under the extreme weight, its textured top surface provides traction. The shear weight of the mats (130 pounds for the 3/4") helps keep the mats in place.

Where to Use:

Weight rooms, health clubs, gymnasiums.

Product info:

- Indestructible rubber slab matting with textured top surface protects floors from weight lifting equipment
- Overall thickness: Available in 1/2 inch or 3/4 inch
- *Not intended for wall-to-wall applications

Stock Sizes: 4' x 6'

#680

SAFETY TRAX™

Safety Trax™ are slip resistant pads that can be affixed to surfaces to increase friction and provide a safer pathway. The top surface is embedded with silicon carbide particles for aggressive traction especially in areas where there are inclines or ramped walkways. Pressure adhesive backing allows for easy "peel and stick" installation. Be certain that primary surface area is completely dry and clean before applying the "peel & stick" backing or the optional Sealing Compound.

Where to use:

Inclines, ramped walkways.

Product info:

- Slip resistant pads are affixed to surfaces to increase friction providing a safer pathway
- Top surface is embedded with silicon carbide particles. As the particles wear, they chip into continuously aggressive finer particles that continue to provide function
- Pressure adhesive backing allows for easy "peel and stick"
- An optional edge sealing compound is recommended for applications exposed to water, grease or oil

Roll Sizes: 1" x 60', 2" x 60', 3" x 60', 4" x 60',

6" x 60', 12" x 60', 24" x 60'

Custom Sizes: Available in 6", 12", and 24" widths (up to 60')
